

Amendment #8
RFP#082514 – Frankfort Office Building
Built-to-Suit

To clarify Amendment #7:

Pages 1 and 2 of Amendment #7 reflect the 'checklist' for Phases I and II, in order to ensure an Offeror includes specific, required, components of the proposal. The checklist is not provided, necessarily, for the order in which the document should be assembled.

Page 3 of Amendment #7 is the revised evaluation form and also contains the checklist. The items in both checklists should be identical, but the items may not necessarily be in the exact same order. As long as each item is contained in a proposal, the order in which they appear is not critical.
